Nav Srishti has completed 30 years and on this special occasion the team of Nav Srishti is delighted to announce that we'll be implementing multiple campaigns from 3rd August to 3rd September 2024 in our project areas.

1. Tree Plantation Campaign
2. Protection Campaign
3. Health Campaign

Plantation Campaign

Our partner schools have enthusiastically joined this green initiative, with students and staff contributing their time and energy to plant and nurture saplings. The District Child Protection Unit (DCPU), Labor Department, Child Welfare Committee (CWC), and local police have also lent their support, highlighting the collaborative spirit that drives our mission.

Integral to this campaign are the dedicated women of the Mahila Panchayat, who continue to champion social and environmental causes within their communities. Their involvement exemplifies the empowered and proactive approach Nav Srishti has fostered over the past three decades.

Community members are at the heart of this campaign, participating with zeal and commitment. Their active engagement ensures that the benefits of this initiative will be felt across our working areas, fostering a greener, healthier environment for all.

This plantation campaign not only commemorates our 30 years of service but also reinforces our ongoing dedication to creating sustainable and thriving communities. Together, we are planting seeds of change that will grow and flourish for generations to come.
