October 2025

A three-day Training of Trainers was conducted under the Women Capacity Building Program for 20 staff members from the Sangam Vihar and Nangloi teams. The sessions were facilitated by Ms. Nayreen Daruwala and Ms. Sharanya Gautam from the SNEHA Foundation. During the training, participants received in-depth inputs on community mobilization, gender-based violence, case management, counselling, and logical framework analysis. The sessions helped strengthen their understanding and enhance their skills for effective field implementation.

An eye check-up camp was organized in Sangam Vihar with the support of Dr. Eye Sherrof Hospital to promote eye health and provide basic vision care services to the community. The camp received a good response from local residents.

A total of 84 people were screened, where doctors conducted vision tests and identified common eye problems. Beneficiaries were also given guidance on proper eye care. Those requiring further treatment were referred to the hospital.

The camp helped in early detection of eye issues and raised awareness about the importance of regular eye check-ups.

Thank you!
